

AA 500 Caravan & Campsites (Aa 500 S.)

This pocket sized guide details 500 carefully selected caravan and camping sites, annually inspected by the AA and graded for quality and range of facilities. The guide offers great value for money with sites throughout England, Scotland, Wales and Ireland. Entries are arranged alphabetically within the county and there is a quality percentage score to help differentiate between parks of the same pennant rating. There are approximately two entries per page with additional information including clear directions, with a six figure National Grid map reference, prices and opening times.
