

Arctic Son: Fulfilling the Dream (Expedition Series)

In 1992 Jean Aspen and her husband, Tom, took their young son to live in Alaskas interior wilderness, building a cabin out of logs, hunting for food, and letting the vast, harsh beauty of the Arctic close in around them. While Jean had faced Alaskas wilderness before -- in a life-altering experience she chronicled in Arctic Daughter -- this journey would be different. Dogged by sickness and hardships, cut off from the rest of the world, her family faced not only a test of endurance, but of its own well-being and survival....From a daily struggle against the elements to an encounter with a grizzly bear at arms length, from moments of breathtaking beauty and self-realization to a harrowing, six-hundred-mile river passage back to civilization, Arctic Son chronicles fourteen remarkable months in the Arctic. At once a portrait of courage and a heart-pounding adventure story, Arctic Son portrays a familys extraordinary journey into Americas last frontier.
