

Leaders of Public Opinion in Ireland (Ganesha - Irish Library)

This early work of Leckys, originally published in 1861, was radically altered in 1871 and again in 1903. This last and best edition excised a chapter on Swift and vastly expanded the essay on Daniel OConnell to occupy a second volume. Henry Flood and Henry Grattan are the subjects of the first volume, and these essays make up perhaps the best and most balanced account of its kind. It is a valuable companion to, and continuation of, Leckys History of Ireland in the Eighteenth Century.--out of print and valuable to all Irish historians --best and final edition
