

Buddys Underwater Friends

Buddys Underwater Friends is the seventh book in Buddy Bees first series of books for the child and family. The creative founder and artist Gregory D. Armstrong has lived by the ocean all of his life and has simply enjoyed all aspects of the seas. This is a very fun fact filled and highly illustrative book based upon those experiences. Buddy is powering the Buddy submarine with a few of his land loving friends on their very first adventure underwater to meet and greet their new friends. HapBee Fun and down the periscope! Buddy Bee shouts with Glee!
