

Classroom Activities for the Busy Teacher: NXT (2nd Ed)

A 10 week lesson plan for teaching with the LEGO MINDSTORMS System. This book outlines a 10 week set of lesson plans for teachers wishing to implement robotics in their classroom. A set of robotics challenges are presented, centered around the LEGO NXT MINDSTORMS system. The workbook includes 10 robotic based challenges as well as 3 additional modules with assessment activities covering Robots in Society, Flowcharting and Multimedia Presentations. Each module includes: - A real world scenario - Basic theory of the concepts presented - Teachers notes outlining the most common issues and how to solve them - Example Programs in the NXT-G development environment - Extension activities - Student worksheets - Building Instructions Sample pages can be downloaded at www.damienkee.com
