

## Real World Quarkimedia, with CD-ROM with CDROM

Quark expert and bestselling author David Blatner shows you how to use Quarks exciting new multimedia design tool, which enables you to create interactive presentations while working in the familiar XPress environment. Covers such topics as: making the transition from print to multimedia; using animations, sounds, and QuickTime movies; and exporting projects to CD-ROMs and the Web. The accompanying CD includes sample Immedia projects and many of the essential ingredients you'll need to create your own multimedia projects.
