

Eminent Hipsters

A witty, candid, sharply written memoir by the cofounder of Steely Dan. In his entertaining debut as an author, Donald Fagen, musician, songwriter, and cofounder of Steely Dan, reveals the cultural figures and currents that shaped his artistic sensibility, as well as offering a look at his college days and a hilarious account of life on the road. Fagen presents the eminent hipsters who spoke to him as he was growing up in a bland New Jersey suburb in the early 1960s; his colorful, mind-expanding years at Bard College, where he first met his musical partner Walter Becker; and the agonies and ecstasies of a recent cross-country tour with Michael McDonald and Boz Scaggs. Acclaimed for his literate lyrics and complex arrangements as a musician, Fagen here proves himself a sophisticated writer with his own distinctive voice.
