

A LIFE IN DEATH - Memoirs Of A Cotswold Funeral Director

A Life In Death Memoirs Of A Cotswold Funeral Director takes the reader into the hidden world of death and funerals, as set against the picturesque back-drop of the Gloucestershire countryside. After spending 25 years in the funeral profession so far, there's much that James Baker can share with readers about his professional journey and this book has been written not just to entertain, but also to enlighten and hopefully, to reassure. This is a tactfully written, but honest insight into the practical realities of death and funerals. There are none of the usual tired, humorous anecdotes here; likewise the use of overly-sentimental or lurid accounts of tragic episodes has been firmly avoided. Instead, writing as a West Country funeral director, James Baker offers a sensitive, insightful and nuanced account of what his working life is really like.
