

Hadewijch and Her Sisters: Other Ways of Loving and Knowing (S U N Y Series, the Body in Culture, History, and Religion) (Suny Series, Body in Culture, History, & Religion)

Hadewijch, a thirteenth-century woman, describes her relationship with God as a mutual loving in which God and she affect each other personally and profoundly. This book presents in detail the account by Hadewijch of this supreme and most satisfying experience. Presented here are phenomenologically specific traits of the bodily knowing that Hadewijch and other women of her time and place prized in their devotion to Christ and his saints. The opposition to the traditional Western ideal and norm is evident. In prizing embodied mutuality, Hadewijch has learned from Bernard of Clairvaux, but sees much more.
