

God Thinks You're Stupid

The story takes a look at one or two of God's creations, destined to die by their own hand. The soldiers are suspended in time and knowledge. Before they become aware of what has happened to them, they are examined to determine if their motivations within this world are worth defending - to see the genuine motivation that defines their actions. By knowing what they know, we see the true vision of humanity without the disingenuous haze that surrounds and compromises our existence. This is a dialogue between either a man and God or a man and madness - You decide.
