

How to Learn and Memorize Arabic Vocabulary ... Using A Memory Palace Specifically Designed for Arabic (Magnetic Memory Series)

If you're sick of forgetting Arabic vocabulary and want to improve your learning ability by 100% ... 200% ... 300% (or more) using simple skills you can learn in under an hour (or less), then this may be the most important book you will ever read. Believe it or not, it doesn't matter if you have a good memory when it comes to learning Arabic. The information in this book will teach you:

- * Why memory techniques are like a bicycle everyone can ride (with some minor personal adjustments).
- * The real reason why no one should ever be squeamish about memorization or learning a language.
- * Why and how some of the most famous memory skills are applicable to learning any language, especially Arabic.
- * How to create a simple letter location memory system based on the Arabic alphabet.
- * Examples that will show you exactly how and why these memory techniques and strategies work.
- * Unique approaches that will have you literally tuning in on the Arabic language so that you can memorize its vocabulary and recall it with ease.
- * How to use actors, other public figures and famous pieces of artwork to help you effortlessly memorize and easily Arabic vocabulary.
- * How to separate Arabic words in the most effective manner for memorization and recall.
- * A simple strategy for memorizing the numerous orthographic marks used in Arabic (a process that some people consider the ultimate nightmare of learning Modern Standard Arabic.)
- * A list of resources, including the secret to finding the absolute best dictionary to use when learning and memorizing Arabic vocabulary.
- * How having a larger vocabulary will fill your travel in Arabic-speaking countries (Saudi Arabia, Sudan, Morocco, Yemen, Algeria, etc.) with greater freedom to explore and enjoy the sights and culture.
- * ... and much, much more! These techniques have been used by real language learners, most

of whom previously considered themselves owners of a bad memory to make real strides in acquiring Arabic. Dont worry! None of these techniques are rocket science and none of them involve complicated brain surgery. Frankly, if you can memorize a short email address or the name of a movie, then you can use this system to memorize a language as rich and diverse as Arabic. But theres really no time to lose. Every day that you are not using this simple vocabulary memorization system, you are literally stealing from yourself the joy of reading, speaking and knowing Arabic as you easily expand the natural abilities of your mind. Still skeptical? Swayed by the negative reviews? Scroll up, grab this book and give the technique a try for yourself today. If this technique fits your learning style, youll be pleasantly surprised by just how much you can achieve in a short period of time with your Arabic studies. Learn and use this technique and you never have to forget a single word again.
