

California (In the Hands of a Child: Custom Designed Project Pack)

Why do over 33.8 million people live in the state of California? Nicknamed the Golden State, one out of every 8 people living in the United States live in this southwestern state. This 113-page unit gives you and your student state facts, geography, climate, government, and much more in the 16-page Research Guide, which also includes state wildlife and a vocabulary list. In the Activities section, you and your students will find 25 hands-on activities that correspond to the information found in the guide. From challenging your students map skills by mapping out the major cities of the state, to learning about the National Parks located there, these activities are fun and educational! Part of our Series on States, check out the Project Pack, California today!
