

How to Do Everything with Adobe InDesign CS

Delivers the goods on the latest Adobe product for graphics users of all levels. Teaches not just which InDesign command does what but also why it works and when to use it. Includes short, real-world projects that teach just enough information that you'll be able to learn it and absorb it. Plus, provides details for those converting their layouts from Quark or PageMaker2, and includes a color insert with examples of good layout choices, InDesign's Swatches palette, and more.
