

The Laurie Taylor Guide to Higher Education

Laurie Taylor's column in the THES is read by everyone in Higher Education. Over the past fifteen years, he has lampooned university life through the much loved figures of Professor Lapping, his long suffering secretary Maureen, Dr Quintock and the ever absent Dr Piercemuller. This collection of the best of his columns covers all aspects of higher education. It is the ideal introduction to Academia for new lecturers and postgraduate students.
