

Mountain Masculinity: The Life and Writing of Nello Tex Vernon-Wood in the Canadian Rockies, 1906-1938

In 1906, Nello Vernon-Wood (1882-1978) reinvented himself as Tex Wood, Banff hunting guide and writer of yarns of the wilderness by a competent outdoorsman. His homespun stories of a vanishing world, in such periodicals as *The Sportsman*, *Hunting and Fishing*, and the *Canadian Alpine Journal*, have much to tell us about the West as envisioned by those who wanted to leave the early 20th century behind - or at least read about others who had done so. In the writings of his persona Tex, Vernon-Wood created an image of the frontier that blended the West of his guiding experiences with the West as a literary object.
