

Nauru One Hundred Years Ago: 3. Games & Sports

Father Alois Kayser, a missionary of the Sacred Heart, arrived on Nauru in 1904. He stayed for almost 40 years, then was exiled along with many Nauruans to Chuuk by the Japanese during the Second World War. He and most of his flock died far away from their home. His legacy to Nauru has not been forgotten, however. Besides Nauru's enduring Catholic Church, he left a rich record of Nauru's ethnography. This series of books on the use of pandanus, fishing tackle and practices, games and sports, and oil processing marks the 100th anniversary of Nauru's Catholic Church. It also marks Father Kayser's service to the Nauruan people. Most of all, the series shares Nauru's past with contemporary society.
