

New Zealand Photo Journal #16: Hiking Nelson Lakes NP

Come join me for this 50-image photo journal as I cycle and hike across New Zealand. In this 16th volume I will be cycling to Arnaud to go hiking in the Nelson Lakes National Park up to Angelus Hut. We will hike for two action-packed days along rocky lake shores, past 40-meter waterfalls, through mossy beech forests, and up above tree line on steep trails to an amazing hut next to twin alpine lakes nestled in a breathtaking valley. I hope you enjoy these images and travel thoughts as much as I did photographing them and living the adventure.
