

Church Control or Birth Control: Campaign against the Catholic Church

Margaret Sangers Propaganda

The name Margaret Sanger is nearly synonymous with birth control in the United States. A controversial character even now, she founded the predecessor to today's Planned Parenthood and dedicated her life to working tirelessly for the legalization and promotion of birth control and abortion. While scholars have directed some attention toward Sanger's provocative statements on race and ethnicity, few have documented her vehement anti-Catholicism or shown the way she cleverly used anti-Catholic propaganda to promote her birth control crusade. Kaminsky has now done so. In this book, he demonstrates the way in which Sanger exploited powerful anti-Catholic sentiment in the United States to portray her fight for birth control as a struggle for American Freedom against a moral domination by the Catholic Church. As she phrased it, All who resent this sinister Church Control of life and conduct - this interference of the Roman Church in attempting to dictate the conduct and behavior of non-Catholics, must now choose between Church Control or Birth Control. You can no longer remain neutral. You must make a declaration of independence, of self-reliance, or submit to the dictatorship of the Roman Catholic hierarchy. Kaminsky further demonstrates that Sanger did not choose this course as a matter of mere convenience, but that she genuinely viewed the Catholic Church as her arch-enemy in a battle to overturn the traditional moral order of western civilization and usher in a new era based upon a pragmatic moral code. Anyone seeking to understand the displacement of Judeo-Christian morality from the American public square should read this book.
