

Preparing for Death: The Science of Dying

Death is the topic that no one wants to talk about. Yet every body dies, and we all know without a doubt that our body will surely die. Are we ready for death? Do we understand what will happen when our body dies? Passing down an ancient science handed down from a long line of spiritual teachers, Preparing for Death provides us with the solutions for dealing with our death and the death of our loved ones. It succinctly delivers the modern research along with the ancient science of dying. These reveal the facts regarding our identity and the reasons for life and death. The mysteries of death are further unraveled as we discover where we go after death - and we gain the essential wisdom to be able to navigate the journey.
