

Rail Atlas Great Britain and Ireland

Updated to record the British railway system as it is today, this atlas shows all operational railways - British Rail, including freight only lines and sidings, London Transport and the Docklands Light Railway, the Tyne & Wear Metro, Irish Rail, Northern Ireland Railways and the numerous independent tourist railways and tramways, standard gauge and narrow gauge. All operational railways, passenger and freight are marked clearly at a scale of 1:350,000 with larger scale inserts of 1:70,000 and 1:90,000 detailing various areas with complex railway networks. A gazetteer lists all stations and depots.
