

# My Name Is Sean and I Have Something to Share

Sean McElwee was successfully fully included in elementary school with all of the supports, accommodations and modifications he needed to succeed. This book introduced him to all of the first grade classes, and facilitated his acceptance. He was included in all aspects of his school, learned to read, excelled in math, performed in talent shows and most of all made many friends. Sean continued his education and graduated from high school at 17 years old. You can read about his education experiences in *Whos The Slow Learner? A Chronicle of Inclusion and Exclusion*. Introducing the facts, empowering his classmates and removing the fears of the unknown was the key to Seans successful inclusion in elementary school.
