

## The Power of Half CD

When fourteen-year-old Hannah Salwen saw a homeless man at the same instant she spotted a man driving a glistening Mercedes, she said, Dad, if that man had a less nice car, that man there could have a meal. Acting on her urge to do something, Hannah's family made the extraordinary decision to sell their Atlanta mansion, buy a house half its size, and give half of the sale price to a worthy charity. Their plan eventually took them across the globe and well out of their comfort zone. In the end they learned that they had the power to change a little corner of the world. Warm, funny, and deeply moving, *The Power of Half* is the story of how one family grew closer as they discovered that half could be so much more.
