

# The Distance Education Evolution: Issues and Case Studies

The Distance Education Evolution: Case Studies addresses issues regarding the development and design of online courses, and the implementation and evaluation of an online learning program. Several chapters include design strategies for online courses that range from the specific to the universal. Many authors address pedagogical issues from both a theoretical and applied perspective. This diverse compilation of contributions by Temple University administrators and faculty gives a comprehensive overview of the distance education experience that can serve as a guide to others interested in providing quality distance education.
