

The Foreign Burial of American War Dead: A History

Normandy, Flanders Field and other overseas cemeteries of the American Battle Monument Commission (ABMC) are well known. However, lesser-known burial sites of American war dead exist all over the world--in Australia and across the Pacific Rim, in Canada and Mexico, Libya and Spain, most of Europe and as far north as the Russian Arctic. This is the history of American soldiers buried abroad since the American Revolution. It traces the evolution of American attitudes and practices about war dead and provides the names and locations of those still buried abroad in non-ABMC locations.
