

The Quest and Occupation of Tahiti by Emissaries of Spain During the Years 1772-1776: Told in Despatches and Other Contemporary Documents (Hakluyt Society Second Series)

Instructions, minutes, despatches, and other documents from Spanish and English archives, relating to exploration of the East Indies, translated into English and compiled, with notes and an introduction. Continued in Second Series 36 and 43. This is a new print-on-demand hardback edition of the volume first published in 1913. Owing to technical constraints the section of the large general chart of the islands, constructed by Don Juan Hervd, showing Huahine, Raiatea, Tahaa, and Porapora is not included.
