

## The Technology Coordinators Handbook

As technology evolves and new tools become available, the technology coordinators role changes and expands. To address the new challenges facing technology coordinators, Max Frazier has updated his respected handbook to include profiles on 10 technology leaders, as well as information on internet safety, 1-to-1 laptop programs, and more. Features: discussion of the technology coordinators role in K12 schools and districts; examination of each of the essential skills and qualifications needed for technology leadership; resources for professional development and certification, grant writing, and E-rate filing; updated with the refreshed NETSA
