

## Why?: Finding the Truth in a Confusing World

Moving through our human lives begs for answers to the hard questions. What does life mean? Why am I here? Why is there pain? What is this inner angst? Is there a God? Why did God create me? How can I find what's real? This book delves into our human core, digging into the deeper elements of our nature, tearing through pretense, personality and ego. The search for life's meaning and purpose requires perseverance and insight. We must go beyond the turmoil; we have to go deeper through the pain; we have to understand the purpose of misery in order to embrace our divine destiny. Find out who you are and what you can become. Discover that wonderful treasure buried in the essence of your character. Turn around and discover your eternal mission. Align yourself with your real identity.
