

What! and Give Up Show Business?

UPDATED IN 2014: Four new chapters added! The reminiscences of Hollywood's top production designer, who recalls * Robert Mitchum falling off a barstool * Brian Keith's creative, incessant swearing * the fate of the fake bird droppings on the set of Mel Brooks' *High Anxiety*. From Katharine Hepburn to Robert Redford -- Wooleys met them all and watched them all and tells all. And his memories are not just about stars, but also about the scores of creative, clever, zany, egotistical characters he's worked with in his demanding and creative profession. Full of fun and gossip and yarns, it's for everyone who wants to know what really goes on behind the scenes.
